We have a beloved guest with us today, a former Miss Universe, Betsy Drag Race - Miss Drag Race - is that a hyphenated name? No, there's a question mark in the middle - What does that mean. If I knew, there wouldn't be a question mark there.

Miss Drag Race, you are a former Miss Universe. Yes - I was Miss Universe back in the days when the Universe was nothing but a hole in the world - before they were sending up all that garbage - rockets - there were just ghost riders in the sky. (sing) - Ghost Riders in the Sky.

Yes, Miss Drag Race -

Ghost Riders in the Sky.

Miss -- are you against rockets?

I'm against everything - you name it - I'm against it.

Why are you against rockets?

It's an awfully expensive way to get rid of one mouse.

Ghost Riders in the Sky.

What do you mean?

When I have a mouse I take a little 10 cent trap and I put a little piece of cheese on it - and ka-jook - I catch it -- they find one mouse in the Pentagon, and they send it away in a \$5 million trap and then expect it to wire back and sing Wish You Were Here - Wish You Were Here - They're not making the stars so bright this year.

Would you care to go on a rocket to the moon?

Not unless things get a lot worse here - Wish You Were Here - Wish You Were Here -

It is generally known, Betsy - you don't mind if I call you Betsy.

Oh no - not at all - I'm sick of being called Sam.

Wish You Were Here - Wish You Were Here.

Betsy - you were one of the most ravishing beauties of your day - ravishing is the word - isn't it?

That's the word all right.

What is the secret of your long successful life?

They say that we're too young to love - too young - what was that quest. Well I think it's pretty obvious that I have found the secret of eternal youth. I eat health food - eat plenty of dried snake fangs - raw fish, seaweed, alf alpha, butterfly feet, that junk, I eat lots of health food - I hate it - it makes me sick.

They say that we're too young to love.

What else?

I bathe whenever I have a chance - which is when I have a room - that's about twice a year - I do it the same day I see my dentist.

They say that we're too young to love.

Would you say you have a good dentist?

Yes, he's lovely - he saved my tooth - he's darling -- washes his hands twice a year - whether they need it or not.

They say that we're too young to -

Our next guest is lovely Jane Jackson - hello Jane - it's lovely to see you. What line of work are you in?

I'm a nuclear physicist (difficulty pronouncing it) giggle.

Nuclear Physicist.

Yes, that's it.

Where do you base your operations?

I spend most of my time at Cape Carnival.

Canaveral.

That's it - Carniverous - Cape Carniverous.

What do you do at Cape Canaveral?

I send up the rockets.

Tell us about it.

Well - it's top secret and I can't say too much about it, but the last one I sent up - oh golly - what a mess - well, the rocket got off beautifully - but Cape Carnival is no longer in Florida - it's in Alaska - that's why they made it a state - to get the launching pad back. And the men who made the final checks on the rocket, just before I sent it up - are in Connecticut - Texas - India and Madagascar.

And one guy who got his coat caught on the rocket - keeps sending us messages saying he's out of this world.
